

How to find a book in Open Access using classification tables

PRECLINICAL SCIENCES

- Human Anatomy – QS
- Biochemistry – QU
- Biophysics – QT
- Embryology – QS
- Pharmacology – QV
- Physiology – QT
- Genetics – QZ
- Histology – QS
- Immunology – QW
- Microbiology – QW
- Oncology – QZ
- Parasitology – QX
- Pathology – QZ
- Clinical Pathology – QY

MEDICINE AND RELATED FIELDS

- Surgery – WO
- Infectious Diseases – WC
- Dermatology – WR
- Dietetics – WB
- Endocrinology – WK
- Geriatrics, Chronic Diseases – WT
- Gynecology – WP
- History of Medicine – WZ
- Practical Medicine – WB

- Ophthalmology – WW
- Otolaryngology – WV
- Pediatrics – WS
- Nursing – WY
- Obstetrics – WQ
- Psychiatry – WM
- Radiology, Diagnostic Imaging – WN
- Dentistry, Oral Surgery – WU
- Hospitals, Healthcare Facilities – WX
- Circulatory System – WG
- Hematopoietic and Lymphatic System – WH
- Musculoskeletal System – WE
- Genitourinary System – WJ
- Nervous System – WL
- Respiratory System – WE
- Digestive System – WI
- Endocrine System – WK
- Systemic and Metabolic Disorders and Selected Environmental Injuries – WD
- Health Professions – W
- Public Health – WA

PRE-CLINICAL SCIENCES

HUMAN ANATOMY – QS

- Anatomy – QS 1-132
- Embryology – QS 604-681
- Histology – QS 504-539

BIOCHEMISTRY – QU

- Proteins. Amino Acids. Peptides – QU 55-70
- Human Biochemistry. Metabolism – QU 100-133
- Enzymes – QU 135-144
- Cells and Genetics – QU 300-550
 - Cells – QU 300-400
 - Genetics – QU 450-550
- Carbohydrates. Lipids – QU 75-99
- Vitamins – QU 145-220
- Informational and General Publications – QU 1-5

PHARMACOLOGY – QV

- Pharmacy and Drugs – QV 701-737
 - Pharmaceuticals and Drugs in General – QV 701-737
 - Pharmaceutical Processes. Packaging. Drug Information – QV 7
 - Drug Standardization. Pharmacognosy. Medicinal Plants – QV 73
- Heavy Metals. Gases – QV 290-318
- Dermatological Agents. Gastroenterological Agents – QV 60-75

- Agents Acting on the Circulatory System. Agents Regulating Water Excretion. Diuretics. Antidiuretics – QV 150-160
- Agents Acting on the Autonomic Nervous System. Non-Metallic Elements and Their Compounds (Pharmacology). Agents acting on the neuromuscular junction – QV 120-140
- Agents acting on the central nervous system. General, local, and regional anesthetics – QV 76-115
- Hematological agents – QV 180-195
- Local disinfectants. Dyes. Tar – QV 220-243
- Antibacterial agents. Tissue extracts – QV 350-370
- Anti-inflammatory agents. Anti-infective agents – QV 247-269
- Fertility and reproductive control agents – QV 170-177
- Toxicology – QV 600-667
 - Poisonous gases. Chemicals – QV 662-667
 - General Toxicology – QV 600-607
 - Inorganic Poisons – QV 610-618
 - Organic Poisons – QV 627-633
- Water. Electrolytes – QV 270-285
- General and Reference Publications – QV 1-55

PHYSIOLOGY – QT

- Leisure or Leisure Activities. Sports. Sports Medicine – QT 250-275
- Human Physiology – QT 104-172
- Physiology. Hygiene – QT 180-245
- Physics. Mathematics. Engineering – QT 34-37.5
- Reference and General Publications – QT 1-33.1

MICROBIOLOGY, IMMUNOLOGY – QW

- Immunology – QW 501-949
 - Antigens and Antibodies. Toxins and Antitoxins – QW 570-630.5
 - Immunotherapy and Hypersensitivity – QW 800-949
 - Immune Response – QW 640-730
 - Types of Immunity – QW 541-568
 - Reference Publications. General Immunology – QW 501-540
- Microbiology – QW 1-300
 - Bacteria – QW 115-155
 - Fungi. Bacterial Spores – QW 180-190
 - Environmental Microbiology – QW 55-85
 - Viruses – QW 160-170
 - Biological Warfare – QW 300
 - Reference and General Publications – QW 1-52

PARASITOLOGY – QX

- Insects. Other Parasites – QX 500-675
- Protozoa – QX 50-195
- Parasitic Worms. Annelids – QX 200-451
- Arthropods – QX 460-483
- Reference and General Publications – QX 1-45

PATHOLOGY – QZ

- Neoplasms in General. Cysts in General – QZ 200-380
- Disease Symptoms – QZ 140-190

- Pathogenesis. Etiology – QZ 40-109
- General and Reference Publications – QZ 1-39

CLINICAL PATHOLOGY – QY

- Blood. Blood Chemistry QY 400-490
- Diagnostic Tests QY 120-350
- General and Reference Publications QY 1-39
- Laboratory Animals. Laboratory Techniques QY 50-110

MEDICINE AND RELATED FIELDS

SURGERY – WO

- Anesthesia – WO 200-460
 - General Anesthesia – WO 275-297
 - Premedication. Equipment. Accidents – WO 234-250
 - Anesthesia Reference Publications – WO 200-233.1
 - Regional Anesthesia. Hypothermia. Diagnostics. Treatment – WO 300-375
- Anesthesia in Selected Medical Specialties – WO 440-460
- Antiseptics. Diseases. Diagnostics. Shock – WO 113-149
- Operative Surgery. Techniques – WO 500-517
- Plastic Surgery. Reconstructive Surgery – WO 600-640
- Surgery in Pediatrics and Geriatrics – WO 925-950
- Surgical Care. Procedures – WO 178-198
- Wounds and Injuries – WO 700-820
- Surgical Equipment. Artificial Organs – WO 162-176
- Transplantation – WO 660-690
- Informational and General Publications – WO 1-102

INFECTIOUS DISEASES – WC

- Sexually Transmitted Diseases – WC 140-185
- Tropical and Parasitic Diseases – WC 680-950
- Viral Diseases – WC 500-593
- AIDS. HIV Infections – WC 503-503.7
 - Viral Skin Diseases – WC 570-593
 - Viral Diseases in General – WC 500

- Viral Hemorrhagic Fevers. Other Viral Diseases – WC 534-556
- Infectious Mononucleosis. Arbovirus Infections – WC 522-532
- RNA Virus Infections – WC 501-520
- Respirovirus Infections – WC 505-520
- General and Informational Publications – WC 1-100
- Rickettsia Infections. Chlamydia Infections – WC 600-660
- Fungal Infections – WC 450-475
- Infections. Bacterial Infections – WC 195-425
 - Other Bacterial Infections. Zoonotic Bacterial Infections – WC 302-425
 - Infections – WC 195
 - Bacterial Infections – WC 200-255
 - Enterobacterial Infections – WC 260-290

DERMATOLOGY – WR

- Skin Diseases – WR 140-340
- Parasitic Skin Diseases – WR 345-375
- Cancers. Ulcers. Occupational Dermatitis. Treatment – WR 500-660
- Skin Appendages – WR 390-475
- General and Reference Publications – WR 1-105

GERIATRY CHRONIC DISEASES – WT

- Chronic Diseases – WT 500
- Geriatrics – WT 100-166
- Information Publications – WT 1-39

GYNECOLOGY – WP

- Contraception – WP 630-640
- Physiology – WP 505-560
- Treatment – WP 650-660
- Uterus. Cervix – WP 400-480
 - Uterine Diseases – WP 440-465
 - General Works – WP 400
 - Cervix. Diseases – WP 470-480
- Menopause. Sexual Dysfunctions – WP 580-610
- Fertility. Infertility – WP 565-570
- Breast – WP 800-910
 - Breast Diseases. Cancer – WP 840-870
 - Treatment. Surgery – WP 900-910
 - Breast (General) – WP 800-825
- Reference and General Publications – WP 1100

HISTORY OF MEDICINE – WZ

- Americana – WZ 270
- Biographies – WZ 100-150
- History by Period, Location, etc. – WZ 51-80.5
- Manuscripts – WZ 220-225
- Miscellany relating to medicine – WZ 305-350
- New Editions and Commentaries on Old Prints – WZ 290-294
- Old Prints – WZ 230-260
- Reference and General Publications – WZ 1-40

PRACTICAL MEDICINE – WB

- Diagnostics – WB 141-293
 - General Diagnostics – WB 141-143
 - Physical Diagnostics - Physical Examination – WB 200-288
 - Symptoms – WB 143-182
 - Medical History. Clinical Reports – WB 290-293
- Home Health Care. Medical Works for Non-Professionals (Popular General Works) – WB 120-130
- Treatment – WB 300-962
 - Diet and Nutrition – WB 400-449
 - Physical Therapy, Physical Treatment, and Occupational Therapy – WB 460-555
 - Medical Climatology (Climatology) – WB 700-760
 - General Treatment – WB 300-391
- Complementary and Alternative Treatments – WB 880-962
- General and Reference Publications – WB 1-117

OPHTHALMOLOGICS – WW

- Eye Structure – WW 202-290
- Neuromuscular Mechanisms of the Eye. Neurological Symptoms of Eye Diseases – WW 400-460
- Ocular Symptoms. Poor Vision – WW 475-480
- Occupational Ophthalmology. Eye Injuries – WW 505-525
- The Eye – WW 101-170
 - Anatomy, Physiology, Hygiene – WW 101-170
 - Diseases, Color Perception – WW 140-160
 - Treatment, Eye Banks – WW 166-170
- Ophthalmology in Pediatrics and Geriatrics – WW 600-620

- Optometry – WW 704-722.1
- Ocular Refraction. Refractive Errors – WW 300-320
- Corrective Equipment – WW 350-358
- Informational and General Publications – WW 1-100

OTOLARYNGOLOGY – WV

- Diseases. Treatment – WV 140-190
- Throat and Surrounding Areas – WV 400-440
- Larynx – WV 500-540
- Nose and Paranasal Sinuses – WV 300-358
- Ear – WV 200-290
- General and Reference Publications – WV 1-101

PEDIATRICITY – WS

- Diseases of Children and Adolescents – WS 200-342
 - General Diseases – WS 200-205
 - Diseases by System – WS 260-342
- Diseases of Children and Adolescents by Age Group – WS 405-460
- Child Care. Nutrition. Physical Examination – WS 113-141
- Child Psychology. Child Psychiatry – WS 350-350.8
- Youth Psychology. Adolescent Psychiatry – WS 462-463
- Pediatric Specialization – WS 360-368
- Mental Retardation. Learning Disabilities – WS 107-110
- General and Reference Publications – WS 1-100
- Growth and Development – WS 103-105

NURSING – WY

- Economics. Ethics. Philosophy. Psychological Aspects – WY 77-87
- Other Services – WY 191
 - By Country – WY 300
- Nursing Care for Various Groups – WY 150-164
- Referrals. Nursing Care. Assessment and Supervision – WY 90-100.5
- Nursing Specialization – WY 101-145
- Information Publications – WY 1-49

OBSTETRICS – WQ

- Labor and Delivery – WQ 300-330
- Obstetric Surgery – WQ 400-450
- Pregnancy – WQ 200-212
- Postpartum Period – WQ 500-505
- Vaginal and Home Childbirth, Midwifery. Prenatal Care – WQ 152-1
- Complications of Labor – WQ 215-260
- General and Reference Works – WQ 1-150

PSYCHIATRY – WM

- Other Disorders – WM 475-611
- Treatment – WM 400-460.7
- Neuroses – WM 170-197
- Psychoses – WM 200-220
- Mental Retardation – WM 300-308
- General and Reference Works – WM 1-105

- Mental Disorders. Diagnosis. Behavioral Disorders – WM 140-165

- Substance Use Disorders

Addictive and Narcotic Drugs – WM 270-290

RADIOLOGY. DIAGNOSTIC IMAGING – WN

- Diagnostic Imaging. Radiography – WN 180-240

- Radioactivity (excluding radium X-rays) – WN 415-665

- Nuclear Medicine – WN 440-450

- General Radioactivity – WN 415-420

- Radiometry – WN 660-665

- Effects of Radiation. Radiation Protection – WN 600-650

- Radium – WN 300-340

- Radiotherapy – WN 250-250.5

- Information Publications. Diagnostic Technology – WN 1-160

DENTISTRY. ORAL SURGERY – WU

- Dental Anatomy. Diseases – WU 210-290

- Anatomy. Physiology. Hygiene – WU 100-113.7

- Dental Chemistry and Materials – WU 170-190

- Oral Surgery – WU 600-640

- Diseases. Injuries. Dental Technology. Treatment – WU 140-166

- Ethics. Professional Practice and Personnel. Documentation – WU 50-95

- Orthodontics – WU 400-440

- Prosthetic Dentistry – WU 500-530

- Dentistry for Various Patient Groups – WU 460-490

- Conservative Dentistry – WU 300-360

- Information and General Publications – WU 1-49

HOSPITALS AND OTHER SOCIAL CARE FACILITIES – WX

- Hospital Administration – WX 150-190
- Clinical Departments and Units – WX 200-225
- Architectural Designs and Facilities. Equipment and Furnishings – WX 100-147
- General Publications and Information – WX 1-100

CIRCULAR SYSTEM – WG

- Circulatory System Diseases. Diagnostics and Treatment – WG 120-170
- Blood Vessels. Vascular Diseases – WG 500-700
 - Blood Vessels (General) – WG 500
 - Arteries – WG 510-595
 - Veins. Capillaries – WG 600-700
- Heart. Heart Diseases – WG 200-460
- Information and General Publications – WG 1-113

HEMATOPOETIC AND LYMPHATIC SYSTEM – WH

- Blood Diseases. Immunological Factors. Blood Banks – WH 120-540
- Lymphatic System – WH 600-700
- General and Reference Publications – WH 1-100

MUSCULOSKELETAL SYSTEM – WE

- Head and Torso – WE 700-715

- Back – WE 720-755
- Limbs – WE 800-886
 - Lower Limbs – WE 805-835
 - Upper Limbs – WE 850-886
 - General Limbs – WE 800
- Bones – WE 200-259
- Muscles and Tendons – WE 500-600
- Orthopedics. Reconstructions. Bone Grafts – WE 168-190
- Pediatrics – WE 890
- Joints – WE 300-400
- General and Informational Publications – WE 1-141

GENITO-URINARY SYSTEM – WJ

- Ureter. Bladder. Urethra – WJ 400-600
- Male Genitals – WJ 700-875
- Kidneys – WJ 300-378
- General and Informational Publications – WJ 1-190
 - Urinary System Diseases – WJ 140-160
 - Treatment. Gynecological Urology – WJ 166-190

NERVOUS SYSTEM – WL

- Central Nervous System (General) – WL 200-302
 - Brain Surgery – WL 368-370
 - Brain Diseases – WL 348-362
 - Brain. Localization of Function – WL 307-335
 - Neurological Symptoms – WL 340-346

- Epilepsy. Movement Disorders – WL 385-390
- Spinal Cord – WL 400-405
- Central Nervous System. Disorders. Treatment – WL 200-405
- Diseases. Examination and Diagnostics (General) – WL 140-160
- Sense Organs – WL 700-710
- Peripheral Nerves – WL 500-544
- Neurons – WL 102.5-102.9
- Psychophysiology. Neuroscience – WL 103-108
- Autonomic Nervous System – WL 600-610
- Information and General Publications – WL 1-102

RESPIRATORY SYSTEM – WF

- Anatomy, Physiology, Biochemistry, etc. of the Respiratory System (General) – WF 101-110
- Diseases of the Respiratory System – WF 140-900
 - Diagnosis. Treatment – WF 141-150
 - Throat. Trachea. Bronchi – WF 490-553
 - Tuberculosis – WF 200-415
 - Neoplasms (general) – WF 450
 - Pleura. Diaphragm. Mediastinum – WF 700-768
 - Lungs – WF 600-668
- Chest. Thoracic Surgery (cardiac and thoracic surgery) – WF 970-985
- Information and General Publications – WF 1-100

DIGESTIVE SYSTEM – WI

- Abdomen. Abdominal Surgery – WI 900-970
- Intestines – WI 400-575

- Intestines (General) – WI 400-480
 - Small Intestine – WI 500-512
 - Large Intestine – WI 520-560
 - Peritoneum – WI 575
 - Anus. Rectum – WI 600-650
 - Pancreas – WI 800-830
- Stomatognathic System. Esophagus – WI 200-250
- Liver. Biliary Tracts – WI 700-780
- Information and General Publications – WI 1-150
- Stomach – WI 300-387

ENDOCRINE SYSTEM – WK

- Gonads – WK 900-920
- Hormones. Hormone Therapy – WK 150-190
- Adrenal Glands – WK 700-790
- Pituitary Gland – WK 500-590
- Pineal Gland. Thymus – WK 350-400
- Thyroid Gland. Parathyroid Glands – WK 200-300
- General and Reference Publications – WK 1-148
- Pancreatic Islets of Langerhans – WK 800-885

SYSTEM, METABOLIC, OR ENVIRONMENTAL DISORDERS – WD

- Metabolic Diseases – WD 200-226
 - Metabolic Diseases in General – WD 200-200.1
 - Specific Types: Specific Metabolic Diseases – WD 200.5-214
 - Water and Electrolyte Disorders – WD 220-226

- Immune System and Collagen Diseases. Hypersensitivity – WD 300-375
- Aviation and Space Medicine – WD 700-758
 - Space Medicine – WD 750-758
 - Aviation Medicine – WD 700-745
- Poisonous Plants – WD 500-530
- Disorders and Injuries of Environmental Origin – WD 600-670
- Nutritional Disorders – WD 100-175
- Venomous Animals – WD 400-430

HEALTH PROFESSIONS – W

- Medical Care Economics – W 74-80
- Forensic Science – W 601-925
 - Medicolegal Research – W 775-867
 - Disability Assessment. Compensation – W 900-925
 - Information and General Publications – W 601-750
- Medical Social Care – W 322-3223
- Health Care. Patient Rights Protection – W 84-85.5
- Medical, Dental, and Pharmaceutical Care Planning – W 100-275
- Professional Practice – W 87-96
- Law. Ethics. Personnel-Patient Relations – W 32-64
- Biomedical Technology W 82-83.1 General Information Publications – W 1-28

PUBLIC HEALTH – WA

- Healthcare Administration and Organization – WA 525-590
- Occupational Medicine, Health, Occupational Diseases, and Occupational Safety and Hygiene – WA 400-495

- Preventive Medicine – WA 108-245
- Health Problems of Specific Groups of People – WA 300-395
- Statistics: Health Research – WA 900-950
- Sanitation and Environmental Control in General – WA 670-672.1
 - Homes, Buildings, and Public Facilities – WA 795-830
 - Medicines. Cosmetics – WA 730-744
 - Waste – WA 778-790
 - Air, Noise – WA 750-776
 - Funeral Services – WA 840-847
 - Water – WA 675-690
 - Food – WA 695-722
- Sanitation. Environmental Control – WA 670-847
- Informational and General Publications – WA 1-106
- Accident and Injury Prevention – WA 250-295
